

BALLOT ISSUES ARE BRIEFED FOR RESIDENTS

(Editor's Note—This is the seventh of eight articles on propositions appearing on the Nov. 4 election ballot.)

Voters will find two propositions on the November ballot relating to cross-filing of political candidates in California elections.

One of the propositions, Number 13, is an initiative measure and would do away entirely with the system whereby a candidate of one party can "cross-file" as a candidate of the opposite party.

The other proposition, Number 7, was submitted by the Legislature as an alternative to Proposition 13.

Proposition 7 provides that in direct primary and special elections the party affiliation of each candidate shall be shown on the ballot.

Take, for example, a Republican party member who has cross-filed so as to run on the Democratic ballot as well. His name would be followed on the ballot of both parties by the abbreviation "Rep".

Sam L. Collins, speaker of the Assembly, maintains Proposition 7 would remove any uncertainty about the party affiliation of a candidate who has cross-filed. Collins says Proposition 13 is unnecessary.

Speaking for the opposition, Assemblyman Julian Beck admits Proposition 7 is an improvement in the state's election laws but warns it does not abolish cross-filing.

Beck declares the "real answer" to the cross-filing problem is Proposition 13, which prohibits a candidate from being a nominee of any party unless he has been registered as affiliated with that party at least three months before filing nomination papers.

Supporters of Proposition 13 say cross-filing is a "double-cross" with politicians against the people. "How can a politician simultaneously be both Democratic and Republican", they ask.

The proponents declare cross-filing has created "the most vicious lobby that exists anywhere" and that it enables special interests to control California.

Opponents of Proposition 13 warn abolition of cross-filing would be a "radical" change in California's form of government. Forty years ago, they add, cross-filing was established to do away with political bossism.

They claim repeal of cross-filing would lead to return of the political boss, and with it, "corruption, graft and special favors". They say the end of cross-filing will not do away with lobbying.

State law now permits cities to divide incorporated areas into boroughs (territorial units) with one important condition—it must be done throughout the entire city.

Proposition 16 would empower cities to establish a borough system of government not only for the entire city but for only one or more parts of it.

The amendment is permissive only. Charter cities will decide for themselves whether or not they wish to have boroughs.

Proponents of the measure say it will work for more home rule. They assert it will restore to the citizen "a sense of belonging" that has been lost in large cities with remote governments.

No arguments against the proposition are included in the secretary of state's official report on November election issues.

BUCS TRY FOR SECOND WIN IN FRIDAY'S GAME

Campbell High's Buccaneers, scuttled last week, 20-7 by San Jose High School, attempt their second win of the season tomorrow night when they host James Lick High School on the home field at 3 p. m.

The Buc's will take the field at full strength with only one important change in the lineup. Big Bill Gregg will work from the halfback slot instead of his usual position at full. Tailback duties will fall mainly on Dave Gifford and Don Davis with Gifford starting.

Bill Montero, sporting a season average of seven yards a carry pulled an ankle muscle in last Friday's game but should be able to cavort as usual, tomorrow afternoon.

WEST VALLEY HOSPITAL PROPOSAL ARGUED AT VFW MEETING TUESDAY

Arguments for and against the West Valley Hospital which will come before voters of Campbell-Los Gatos and Saratoga as an \$800,000 bond election November 18 were voiced at a meeting of Byron C. Lanphear Post and Auxiliary, veterans of Foreign Wars, Tuesday night at IOOF Hall in Campbell.

Mrs. Charles Chubb, candidate for hospital board of directors, attacked the hospital on the basis of needs and costs.

Col. Hans C. Adamson, speaking for Hospital proponents said that after receiving a report from doctors in the area that need for the hospital was imminent and that hospital could be built for the sum asked by West Valley.

He added that Campbell's cost of building the hospital would be approximately \$2.60 a year for 10 years based on an average \$2,000 assessed valuation.

Adamson also cited financial return to the community which the hospital would provide, listing a \$25,000 to \$30,000 monthly payroll and estimated \$10,000 monthly operating expenditures.

"On November 18 you are being asked to sign a blank check for the West Valley Hospital District the West Valley Hospital District. As a tax-paying voter of this district, you are entitled to know ALL the facts about this proposed Hospital before you agree to spend your money for it. What ARE these facts? They can, I believe, be stated this way—How big is this check we are being asked to sign, how much in dollars and cents will it cost each of us? Is there actually a NEED for this Hospital? Even if no "need" exists, would you as a taxpayer of this District receive sufficient benefit from the building of this Hospital to compensate you for your out-of-pocket expense in building and operating it?"

Let us first examine the question of NEED. To determine this, we must first know how many hospital beds of all types are required to take care of the population of our area. Next, let's count the beds we NOW have, then add to that the NEW beds coming into being through the various hospital building programs now in progress. When we compare these figures, we'll know the FACTS about our need for West Valley. How do we find out the number of beds required for our population? Let's take the method of computation used by the promoters of this Hospital—then there can be no argument about the figures. In the newspapers and in various speeches throughout the area, the promoters have stated that 1 person out of 8 will require hospital care each year, and that the average length of such care will be 8 days. Now, if one person in 8 requires 8 days care annually, that means that we must provide 1 day's care for each person of our population. So, a population in Santa Clara County of 335,000 will require us to provide 335,000 days of hospital care annually. Now, how close do we come to doing this RIGHT NOW? Let's look at this chart—Here is a tabulation of the hospital beds NOW AVAILABLE in Santa Clara County.

San Jose Hospital 182
O'Connor Hospital 125
Santa Clara Co. Hospital 365
Doctor's Hospital 55
Palo Alto Hospital 180
Wheeler Hospital 25
Total 932

Now, you may wonder why Palo Alto and Wheeler hospitals should be included in these figures. Well, if, as the promoters have consistently done, you attempt to show "need" based on Total COUNTY population, you must also include total facilities in the county. In other words, if we count ALL the people, let's also count ALL the beds. Now these 932 beds which we ALREADY HAVE multiplied by 365—the number of days in a year—shows that we HAVE TODAY 340,180 days of care available annually, an excess RIGHT NOW of 5,180 days care annually over the promoters own computation of our requirements. But, that's only PART of the story. Look at what additional facilities are being provided by new hospitals coming into the area and by expansion of present hospitals.

San Jose Hospital 33 new beds
O'Connor's 287
less those being abandoned 125
Net gain 162 new beds
Santa Clara Co. 200 new beds
Permanente Hosp 100 new beds

Alan & Stilwell 49 new beds
Total 544 new beds
544 new beds which multiplied by 365, gives us 198,560 added days care annually for a grand total, upon completion of this construction, of 538,740 days care annually—or enough to serve a county population of 538,740.

Now, ladies and gentlemen, in view of these FACTS which are based on the promoters OWN METHOD OF COMPUTATION, can anyone honestly believe that we have a DESPERATE NEED for West Valley Hospital? Of course not—and that is exactly the attitude of the Federal and State governments. If there were a need for West Valley, Federal and State aid would pay two-thirds of the cost. BUT Federal and State funds are NOT available because of lack of need. This means that every cent for the building and maintenance of West Valley would come from the pockets of local tax-payers, and this leads us into our next question—that of cost.

In my opening remarks I said that we were being asked to sign a blank check on November 18th—and, believe me, WE ARE! What will it cost to build West Valley Hospital? NOBODY KNOWS! The promoters have "estimates". If you have ever built anything on an "estimate"—you know how reliable they are! But, even the estimates are peculiar—this year they say \$800,000—last year it was \$750,000. BUT, in 1949 it was \$1,107,838—all for the same hospital. If we base our cost estimate on the KNOWN "per bed" costs of the new O'Connor hospital of \$24,000, West Valley will cost today a minimum of \$1,200,000, not much different than the promoters original estimate considering that building costs have risen since 1949. Why, then, are we not being \$1,200,000 instead of \$800,000? Because the promoters KNOW the voters would not approve it. So, they are trying the Lexington Dam Technique—\$800,000 this year, \$400,000 or \$500,000 next year to complete the job. Let's be honest about the cost of this thing, so we can reach an intelligent decision! Now, there is another item of cost that the promoters have been very careful not to mention—that is operating deficit. Did you know that the District Board of Directors, without any further vote on your part, can tax you as much as 25c per \$100 assessed valuation to cover costs of maintaining and operating the hospital—entirely over and above the tax to pay off the bonds? And did you know that 90 per cent of the Districts now operating hospitals are soaking their taxpayers 20c per hundred for this purpose? On the average home, this tax alone would be \$8.00 per year. Look at this cost chart—Here we have put the cost of operating the hospital—\$8.00 per year for the average taxpayer. Payment of interest and principal on \$800,000 on a 15 year basis will require a tax rate for this purpose of about 15c—another \$6.00 per year—or a total of \$14.00 per year. If we also allow for the extra \$400,000 they will need, we will have to add another \$3.00 per year for that. So, what we must ask ourselves is—do we want to spend \$17.00 a year for the next 15 years—a total of \$255.00—for a hospital we DON'T need? Vote NO ON BONDS November 18th

Now, you may wonder why Palo Alto and Wheeler hospitals should be included in these figures. DISPOSITION OF LOS GATOS CREEK GRAVEL OPERATIONS EXPECTED AT COUNCIL MEETING MONDAY NIGHT

City Council, Monday night deferred decision on granting gravel removal permits until City Attorney Joseph A. Bonacina, has submitted a report on city liability.

Council seemed inclined to grant permit to A. J. Raich Paving Company, excavators for Mervyn S. Keessling, and John Brynteson Ranch, after hearing a report from George L. Sullivan, dean of engineering at Santa Clara University.

Sullivan appeared at the request of Raich Co. when Campbell property owners bordering the Los Gatos Creek bed demanded an impartial engineering report.

Sullivan said that a clearly defined channel would tend to keep water from eroding banks of the creek. He emphasized excavations should follow certain engineering specifications as to grade, depth, and slope from banks. He said "fooling around" with channel work would be dangerous and that it should be conducted in a systematic manner starting at a point 200 feet north of Campbell Ave. bridge.

Paul Gallagher, representing Raich Co. said that if permit were granted he would object to posting a \$50,000 bond to run for five years to guarantee claims of property owners due to excavations.

Gallagher said that other proposed conditions suggested by city engineer Mark Thomas were acceptable, but that company had no wish to be responsible for damages resulting from following city engineer's specifications.

Council will continue its revision of the proposed ordinance regulating raising of poultry and livestock after feed rack changes were requested by Mr. and Mrs. J. W. Knowles, Rincon Ave. poultry ranchers.

PG&E hiked rates about 80 cents.

Effect in the increase in Pacific Gas and Electric company rates on domestic consumers in Campbell was disclosed by California Public Utilities Commission, last week.

The commission announced that residential customers, on the average will pay an increase of about 80 cents a month.

The new rates will become effective for service rendered on or after November 10.

In specific amounts, the electric rate hike for domestic consumers here will range from 26.7 per cent for 10 kilowatt hours to 14.9 per cent for 200 kw hours.

Users of 10 kw hours would have an increase of 24 cents, from 90 cents at present to \$1.14 while users of 2,000 would jump from \$24.74 now to \$28.42, up \$3.68.

PG&E requested a total annual increase in gross revenue of \$45,704,000 but the commission reduced the amount by \$12,714,000, it was reported.

According to commission computation, the increase for 1,400,000 customers in 46 of the state's 58 counties will amount to \$30,642,000 annually.

FOOTLIGHTERS INVITE WELFARE GROUP SPONSORS

"The Campbell's are coming" a play presented by Campbell Footlighters, November 21 and 22 will be presented this year under a new plan of sponsorship, according to Dean Chamberlin, director.

Under the new setup, Chamberlin said, any organization which contributes to child welfare in this area is invited to participate in the benefits from Footlighter plays.

In the past "Footlighters" have invited sponsorship from different groups for each play.

By this method several thousands of dollars have been contributed to various local organizations over a period of more than twelve years.

The club was the largest single contributor to the fund which last year purchased a station wagon for the transportation of blind children to Campbell Grammar School, a spokesman pointed out.

This year, blocks of tickets will be available to any eligible groups which apply. These tickets may be sold on a commission basis.

Further details on the procedure may be secured from Norm Corvello, president of the Footlighters, or from Dean Chamberlin, director.

Newly Married Campbell Couple To Live in Fairbanks, Alaska

The First Methodist Church in Campbell was the setting Sunday, October 5, 1952 for the nuptial service which united Esther Pauline Cleveland and Ray Laurence Pharris, Jr. The church was decorated with pastel colored dahlias and there were bouquets of flower tied with satin ribbon on the pews. Two candelabras completed the picture. Rev. Herbert Neale performed the double ring ceremony in the presence of more than 100 guests.

The bride given in marriage by her father, Willard Cleveland, wore a full length gown of white nylon and the bodice was lace over satin, scalloped neckline, long, lace sleeves, Peter Pan collar of lace. There was a very bouffant skirt of nylon marquisette daintily edged in lace which cascaded from a beaded crown. She carried a white prayer book which was given to her by the groom and was topped with a white orchid and carnations. She carried a lace edged handkerchief that her mother carried at her own wedding 21 years ago.

Matron of honor was Mrs. Owen Mason who wore an aqua floor length taffeta gown and carried a french bouquet of pink carnations. Lorraine Smith, of Pasadena, California, bridesmaid, who came by plane for the wedding, wore a lavender, taffeta gown identical to the Matron of Honor. Her bouquet was of deep orchid carnations. Both girls wore short, white gloves. Five year old Georgia Andrus, flower girl, was gowned in light pink taffeta with scalloped neckline and net overskirt that was made by her mother. She scattered rose petals in the path of the bride.

The benedict's best man was Owen B. Mason of Los Gatos and usher was Ralph Parle, Campbell. Guest organizer for the occasion was Miss Joline Howard who is a special friend of the bride. Her corsage was of gardenias.

The bride's mother wore a frost-ed burgundy orlon suit with navy blue shoes and bag and matching accents on her navy blue hat. She wore a corsage of pink roses.

The bridegroom's mother chose a navy blue silk suit with black accessories and pinned on a scarlet rose corsage.

Immediately following the ceremony a reception was held in the social hall of the church where the bride's table was decorated with crocheted lace table cloth and white dahlias. A four tiered wedding cake and punch were served. Mrs. Robert Loveday circulated the guest book.

Out of town guests were Mr. and Mrs. Arras Wilson of Bakersfield, California, Lorraine Smith of Pasadena, California, Mr. and Mrs. Harry Kanawyer of Reedley, California, Mr. and Mrs. Ray Pharris, St. of Porterville, California, and John Conley who is with the U. S. Navy.

When the newly weds left for Santa Ana for their wedding trip, Pauline was wearing a beige suit with brown accessories. She wore an orchid corsage.

The bride is the daughter of Mr. and Mrs. Willard Cleveland of 71 Rincon Avenue and is an alumna of Campbell High School.

The groom, son of Mr. and Mrs. Ray L. Pharris, Sr., of Porterville, California, graduated from Campbell High School and also attended San Jose State College. He has been with the United States Air Force the past two years and at present is stationed at Fairbanks, Alaska where the young couple plan to make their home.

Victor Berg of Campbell has been pledged by Lambda Chi Alpha fraternity at San Jose State College. He will finish his pledging at the first of the year, and will be initiated as a full member at that time.

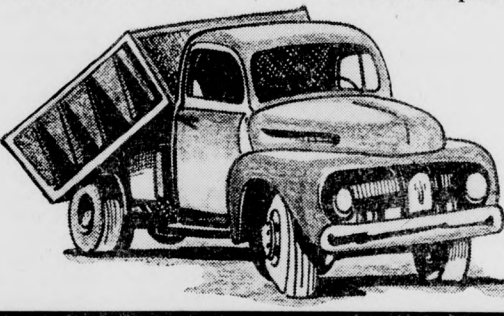

Lambda Chi Alpha is the largest national social fraternity in the United States.

Congregational Church Bazaar Set for Nov. 14

November 14th is the date set for the Annual Bazaar of the Congregational Church. Women of the church have been making preparations and contributions for the affair for some time, and the men have been building booths, which will be set up in Merriman Hall.

The bazaar will have a Mexican theme, with the booths arranged

like Las Tiendas of the land of Fiesta. Aprons, plants and a variety of other gift items, as well as coffee, cake, candy and more delectable comestibles will be on sale. The bazaar will open at 2:00 p. m. Dinner will be served continuously from 5:00 p. m. by the Friendly Circle, with plates at \$.85 for adults and \$.35 for children. No reservation will be made, but diners are urged to come early for prompt service.

Heading the long list of bazaar workers are Mesdames Erma Sanders, Roberta Field, Marilyn Anderson and Lorraine Gerin.

Advertising doesn't cost—it pays.

SEVEN YEARS OF FUNERAL INSURANCE IN YOUR COMMUNITY

For the past seven years, we of the RUTHERFORD FUNERAL HOME have been steadily promoting the FOREST LAWN PROTECTION PLAN in the Campbell area. Many people have appreciated the value of this plan when the need arises—the feeling one has of financial independence in knowing that he will not be in need of good will collections from friends and relatives who have their own family cares.

All under 80 are eligible. Pensioners especially are invited to register in this plan. The full face value of the policy will be paid at death regardless of how little has been paid in.

THE RUTHERFORD FUNERAL HOME has been selected as the exclusive cooperator for the promotion of the FOREST LAWN PROTECTION PLAN in the Campbell area. For free literature or interview without obligation, call

ALLEN for Assembly

He's Worth Your Confidence

Bruce F. Allen has a sound, four-square quality about him that strikes all who know and work with him. You know as soon as you meet him that here's a man who won't let you down.

All he's done in his 36 years add up consistently to warm, hard and devoted work for his country and his native Santa Clara Valley.

This valley is his home, as it was his father's and grandfathers, and he's worked to make it better for his family and neighbors.

When he finished his five-year war service, in which the Army advanced him from private to captain, it wasn't enough for him to catch up with his interrupted law practice.

Every effort for community betterment that needed a hard worker could count on him — whether it was government reorganization and planning, water problems, traffic safety, welfare needs.

When the 29th District Assembly seat fell vacant this year, it was natural for many to turn to him again.

His platform is embraced in his statement: "I admire the sound, progressive government we have developed in California. I want to help keep it that way."

Elect Bruce F. ALLEN
ASSEMBLYMAN • 29th DISTRICT

YOU CAN COUNT ON HIM!

LETTERS TO THE EDITOR

Opinions on any matter pertaining to the development and advancement of the Campbell community are welcomed by the Campbell Press, whether they be in accord with the editorial policy of the newspaper or not.—Ed.

Editor:

There seems to be so much apprehension and misstatements about our proposed West Valley hospital that I thought I would try and convey to the voters a few facts that may clear the issue.

I served on the board after the district was formed.

I am now seeking reelection to that board, not because I like to work but because I feel the real need of hospital facilities near our homes.

The medical men who would be on the staff of the hospital would save hours of time each day and could care for emergencies so much more easily if they were a few minutes from their patients in our hospital.

The board has consulted experts

San Jose, at 8 a. m., Nov. 10, 1952, to satisfy claims on vehicles at Box 93 Madrone, Ply. eng. P8-201627, lic. 1N38135 and Hudson, s/n 4065655, eng No. filed off, lic. plates removed. Motor Service Assn., 2081 Lincoln Ave., San Jose.

NOTICE OF HEARING—

NOTICE IS HEREBY GIVEN that the City Council of the City of Campbell, County of Santa Clara, State of California, has set Monday, November 3rd, 1952, at the hour of 8:00 o'clock P. M., or as soon thereafter as the same can be heard, in the Auditorium of the Country Woman's Club, at First Street and Campbell Avenue, Campbell, as the time and place for public hearing on the application of Henry C. Stoner and Elizabeth C. Stoner, to use property and dwelling at 81 Latimer Avenue, Lots 22 and 23 Hedegard Tract No. 338 Lot 2 of the P. G. Keith Subdivision, in the City of Campbell, to occupy the residential portion of the building as his home and to use the social hall, kitchen and rest rooms as a microscopic and chemical laboratory, said use consisting of the testing of food samples, soil and leaf analysis.

Interested persons may present written or oral objections to the granting of said permit at the time of said hearing.

tract with a population of 60,000 dependent on S. J. Hospitals.

San Jose will have 553 beds when the present building program is completed. That leaves 58 for at least 100,000 population, an actual shortage of 392 beds. I am not counting Palo Alto, Gilroy or the county hospital except for emergencies.

There are actually about 65 acceptable beds in the County Hospital by public health standards. You are not kept in the county hospital if you can pay your way in any other. Palo Alto and Gilroy have 205 beds. Only citizens of P. A. are allowed to use their hospitals.

When and if Permanente builds we would still be short 127 beds.

The district bought a site as near the center of population as possible and paid \$1650 per acre. That kind of land is now selling at double that amount. We are also building up a cash reserve that will act as a cushion until we are a going concern. My associates on the board are well qualified and are always working for the best interests of the district. The best legal counsel is always available when we are in doubt.

This is an enterprise that will add greatly to the wellbeing of the community and is worked for most assiduously in most places. Read the article in the Saturday Evening Post of September 13 on "Does your town need a Hospital?" and the article in the last "Reader Digest." "The Revolution of Hickory Nut George". These people realize the need and all work together.

That is the Democratic way. Think about this. Don't be upset about misstatements. Get the Facts. The result of this election might be a matter of life or death to you. Be sure and vote November

Mr. and Mrs. SAL MUCCIA of San Jose have announced the engagement of their daughter, JACQUELINE, to WARREN VANDEVER, son of Mr. and Mrs. BUD VANDEVER of San Jose.

Jacqueline attended Lincoln High School. Warren attended Campbell Union High School and the University of California, where he was affiliated with Kappa Alpha Fraternity. He is now serving with the Army and is stationed at Fort Ord.

Mr. and Mrs. ROBERT SPEICHER of Wausau, Wisconsin, with their children, CAROL, 8; ROBERT, 6; ROGER, 4; and KAY, 3, visited for two days recently with the NORMAN R. MOWERY of 759 E. Campbell Avenue. Mrs. Mowery also hails from Wisconsin. Mrs. Speicher had visited in California before, but to Mr. Speicher and the children it was all new and pretty impressive. The Speichers came through Tucson and Los Angeles on their way. While here they made a trip to San Francisco, and the Mowerys took them to Big Trees.

Mrs. EDNA SMITH returned Sunday from a tour of Southern California. She travelled with her son and daughter-in-law, Mr. and Mrs. WALTER KROHN of San Francisco. While the Krohns stopped with friends in Buellton and Santa Monica and went on to the border, Mrs. Smith visited an old school friend in Los Angeles for two days, then spent the rest of the week with Dr. and Mrs. WALTER I. MERRILL in Anaheim. The many Campbell friends of the Merrills, who lived here for many years, will be pleased with Mrs. Smith's report that both are unchanged. Dr. Merrill is keeping young in his work at the Veterans'

Hospital, and the three had a grand visit.

A day at the Fleishacker Zoo was enjoyed recently by Miss WINNIE GRIZZLE, Mr. and Mrs. CLAUDE N. GRIZZLE, Mr. and Mrs. CLAUDE O. GRIZZLE and Miss MAXINE BOUCHARD.

On October 5th the Campbell Methodist Church welcomed into its fellowship Mr. and Mrs. JAMES T. BARNETT of Quito Road, Mr. and Mrs. RALPH J. FILLMORE of McFarland Avenue, Saratoga, and MARJORIE and TOM STEVENSON of Lantana Drive. One the same Sunday baptism rites were performed for Miss DIANNE BOWMAN, Miss JOAN OESER, Miss SANDRA EILEEN KEMP, WILLIAM DOUGLAS MCCALL and JAMES LAWRENCE NEWBERRY.

CYPRESS DADS TO MEET TUES.

All Cypress Dads, of the newly-formed Dad's Club of Cypress School are urged to attend the next meeting to be held at the school Tuesday, November 18 at 7:30 p. m.

At the last meeting the club went on record as unanimously in support of passage of Proposition No. 2, the Better Schools Act, on the November 4 ballot.

"With the Campbell public schools, along with other schools of California, hard hit by inflation and a rapidly expanding population, citizens of Santa Clara County should vote 'yes' on Proposition 2 to correct the existing inequality in State and local financing in the school districts," Norman Liles, chairman for the evening, said.

The Dads, who met in the Cypress School cafeteria at 7:30, elected charter officers as follows: Norman Liles, president; John Clark, vice president; Ernie Moore, secretary; and Joseph Hosheit, treasurer.

They also accepted a Constitution and By-Laws for their organization and voted to sponsor a Cub Scout Pack and a Boy Scout Troop.

A Safety Committee was appointed with Ernest Rideout, principal, as chairman, to attempt a solution to the school crossing problem at Cypress Avenue and Stevens Creek Road.

Judge Martin S. Walsh Endorses Paul W. Crawford

Campbell Press,
Campbell, California.

Gentlemen:

A primary requisite of the Judge who will preside over the court of the new Judicial District of the west side will be a knowledge of the law. Judge Crawford of Saratoga Township possesses such knowledge and is well-qualified from experience and actual practice of the law to handle the matters of the Judicial District in a capable and efficient manner.

Judge Crawford has presided in the Campbell township court on various occasions wherein I was unable to act due to former client-attorney relationship, and in those cases I had a first hand opportunity to observe him and I can assure the voters of this community that he is fully qualified to serve as the Judge of the new district.

Very truly yours,

MARTIN S. WALSH

This one-time marvel gave Westerners the first instantly controllable heat, the fastest, easiest cooking they'd known. But nobody dreamed of an automatic oven!

1879 - In the West's first gas range baking was by hunch and peek

1952 - Modern gas ranges bake automatically!

It's heavenly to cook on a modern gas range with automatic controls that count the minutes, regulate the heat, free you from oven watching. If you still have an old-fashioned stove, you owe it to yourself and your family to look at the new automatic gas ranges. They cook better, are easy to clean, save you time and work. Now on display at your local appliance dealer's everywhere.

And look how P.G. and E. has cut the cost of gas for cooking!

Cogent answers to this question were given in a panel discussion at the San Tomas PTA meeting last Thursday evening at the San Tomas school. Introduced by Mrs. B. W. Creighton, first vice president of the organization, the panel included Mrs. Dorothy Blair, Mrs. Annamaria Schafer and Mr. Ray Wilson, teachers; Mrs. James Barnett, Mr. Ed Tablak and Mr. Steve Anderson, parents, and Mrs. Anne Meridier, vice principal of the Campbell Grammar School. Emphasis, in the discussion, was on the emotional, social and physical well-being of the child and the school's contributions to his well-being.

Mrs. VIRGIL H. GREENLEY of Old Orchard Avenue is recovering at home from injuries sustained in an auto accident on October 4th. Mrs. Greenley suffered from shock, four broken ribs and a cut ear. Her aunt, Mrs. A. M. CUNNINGHAM of Willow Glen, received a head cut and hip injury in the accident and was hospitalized overnight, but like Mrs. Greenley she is recuperating nicely and patiently.

Virus infection struck the HOWARD GUILBERT home on W. Latimer Avenue lately, making life temporarily rough for Mrs. Guilbert and NORMAN, 10, WALTER, 8, and DOUGLAS, 6. The boys are now back in school and Mrs. Guilbert is also getting well. Mr. Guilbert was more fortunate; he had left, before the advent of the virus, for a convention of the National Association of Electrical Distributors, held at the Del Coronado Hotel in San Diego. Mr. Guilbert enjoyed the convention and returned on October 10th.

Attending Mu Phi Epsilon's Alumnae Chapter meeting at the home of Mrs. HAROLD SHERMAN in Los Altos on October 19th were LORRAINE WOOD, president of the active chapter on the campus, DOROTHY LICHTY and Mrs. REX FULLER, historian of the alumnae chapter.

Plans were made at the meeting for Founder's Day in November and for the area meeting to be held in Stockton in November.

Out-of-town sisters of Mrs. DARWIN SKAGGS, who underwent an operation October 15th, have been visiting here recently. Mrs. CHARLES SUTTON of Oakdale returned home Sunday; Mrs. RAY SUTTON of Chula Vista was here until Monday, and Mrs. JORDAN RAMSEY of Pittsburgh spent Monday here. The sisters visited Mrs. Skaggs in the hospital and another sister, Mrs. V. F. FELLMAN, their brother, OSCAR JEWEL GRISWOLD, and their parents, Mr. and Mrs. GEORGE A. GRISWOLD.

OUR SCHOOLS ARE IN TROUBLE! Because of the inflation, soaring birth rate, and huge out-of-State population increase since the end of the War, most school districts in California today just don't have enough money to make ends meet!

PROPOSITION 2 IS THE ANSWER. Proposition 2 gives school children and taxpayers both a break by increasing the State's share of school support—thus keeping our schools open without increasing the tax burden on homeowners.

WE ALL WANT BETTER SCHOOLS. We may differ deeply on election day over candidates and other ballot issues, but we all agree our children's educational needs must be met. That's why Democrats and Republicans, labor, business and farmers, all say: *Whatever you do—*

SMITH PROMISES COOPERATION IN REDUCING TRAFFIC INJURIES

Albert B. Smith, candidate for 5th District Supervisor, in addressing a Barron Park neighborhood meeting, Monday night said "The Board of Supervisors is to be congratulated on their adoption of an ordinance regulating the height of trees and hedges at intersections."

Pointing out that public safety is not the concern of one group alone, Smith urged full cooperation, the National Safety Council, the Board of Supervisors, Parent-Teachers Association,

and other civic groups, in reducing Santa Clara County's traffic toll.

Smith lauded the Whisman School's Parent Teachers Association in their efforts to get traffic signal installation at the Steerlin Road crossing of the Bayshore Highway saying, "Certainly it's better for Bayshore travelers to spend two minutes at a signal, than spend a life time of regret for the death or injury of a child." School buses pass over this unprotected crossing 58 times each day.

Smith pointed out that Barron Park has a similar situation on its other intersecting highway, El Camino Real, and that "selfish interests must be forgotten. Installation of signals should be made as soon as possible."

Smith said that if he is elected to the Board of Supervisors he would give measures for public safety his complete cooperation. The candidate, a teacher at Campbell High School, seeks the supervisory seat being vacated by Dr. Earl C. Campbell.

He earns confidence—In his terms of Assemblyman, Charlie Gubser has earned a name as a top legislator at Sacramento. He combines keen knowledge of his district and state with the ability to get things done. He has helped Governor Warren's scandal-free administration give forward looking, enlightened government to California. Like his friends, Senators Bill Knowland and Richard Nixon, he has earned advancement by his vigor, ability and integrity.

He wants to serve—Charlie Gubser is glad of the added opportunity to begin congressional service with a new administration in Washington. He wants to join the new brooms that will be able, with teamwork, to sweep out the accumulation of waste, duplication, cross-purposes, and downright crookedness. In the photo above, he and Mrs. Gubser are introduced to General Eisenhower by his running mate, Richard Nixon.

That's CHARLIE GUBSER

Thirty-six-year-old third generation Gilroy farmer: Youth and vigor, when combined with maturity and insight, are valuable qualities to note when you choose your new Congressman. You want him vigorous enough by the time he attains congressional seniority to do an increasingly better job for the District, the State, the Nation.

**CHARLIE GUBSER is the Candidate
with actual legislative experience!**

As Assemblyman from southern Santa Clara County, he has gained actual experience as a legislator. Because of that experience in the California Assembly which is organized like Congress, Gubser would immediately find his way in Congress and be effective. He will quickly relate legislation to his district's needs, steer bills through legislative channels, resist pressure of lobby groups—armed with the experience and judgment that can only come by doing it.

**CHARLIE GUBSER is informed,
frank and foursquare!**

He knows his district and its needs, having worked here as a businessman, teacher, and primarily a farmer. He worked his way through San Jose State College and the University of California, with post-graduate work in economics and political science. You know where he stands, because he has never ducked a question in all the hundreds of campaign talks he has made. He wants to help bring sound, progressive government back to Washington and to the people.
